My name is Egbuhuzor Udechukwu Peter, and I currently hold the position of Lecturer I in the Mathematics and Statistics Department at Federal University Otuoke, Bayelsa State. I have a strong educational background, starting with a BSc in Applied Mathematics from Michael Okpara University of Agriculture, Umudike. I further pursued my academic journey, obtaining both my MSc and PhD in Applied Mathematics from Federal University of Technology, Owerri, Imo State.

With a passion for research and a focus on Elastic and Plastic Materials, particularly in the deformation of rubber-like materials, I have dedicated my scholarly efforts to exploring this fascinating area. I have contributed extensively to the scientific community through the publication of numerous journals, showcasing my expertise in this field.

As a lecturer, I am committed to imparting knowledge and nurturing the next generation of mathematicians. I engage students in a dynamic learning environment, combining theoretical concepts with practical applications, and inspiring them to pursue research in their respective areas of interest.

With my strong academic foundation, research experience, and dedication to teaching, I am poised to make significant contributions to the field of Applied Mathematics. I am driven to deepen our understanding of elastic and plastic material behavior, and to explore their practical applications in various industries.

KALU, PETERS

KALU, Peters has been member of Aba Diocese of the Catholic Graduates (CG) Forum, serving as President in 2008. He chaired the 10th anniversary of the provincial reunion with the theme: A New Beginning, and, changed the brochure of events from the small pamphlet that it has often been to a full magazine size which has sustained till date. While in office, his administration was driven by the mantra of “People; Possibilities”, which suggested that nothing can ever be realized without making the utmost of individuals whose self-worth must be preserved and promoted in recognition of the varying talents and gifts with which they are endowed. Similarly, he introduced 2 meeting types, Business Meetings and Prayer Meetings as well as the annual CG thanksgiving/Dinner where a member will speak on the relevance of or about his profession/vocation (some sort of inaugural lecture). He believed in bringing abstractions to life through aesthetics, hence the modification of the CG logo to its current design which was initially resented but has eventually become adopted in the entire CG of the Owerri Ecclesiastical Province.

KALU, Peters holds PhD in Development Administration, 3 distinct Degree of Master in Financial Management, Political Science and Energy Economics respectively and Bachelor of Science Second Class Honours Upper Division in Political Science. He is proudly an alumni of the prestigious University of Nigeria.

kAypée as he is fondly called, is passionately innovative and inspires confidence in students while teaching courses in Politics, Governance, Business and Development Studies in the Department of Political Science and UNIZIK Business School, Nnamdi Azikiwe University at Awka.

KALU, Peters is married with Children
